### Disclaimer

Prudential Portfolio Managers Unit Trusts Ltd (Registration number: 1999/0524/06) is an approved Cisca management company (#29). Assets are managed by Prudential Investment Managers (South Africa) (Pty) Ltd, which is an approved discretionary Financial Services Provider (#45199). Collective Investment Schemes (unit trusts) are generally medium to long-term investments. The value of participatory interest (units) may go down as well as up. Past performance is not necessarily a guide to the future. Unit trust prices are calculated on a net asset value basis, which for money market funds is the total book value of all assets in the portfolio divided by the number of units in issue. Fluctuations or movements in exchange rates may also be the cause of the value of underlying international investments going up or down. Unit trusts are traded at ruling prices. Commissions and incentives may be paid and if so, would be included in the overall costs. Different classes of units apply to the Prudential Collective Investment Scheme Funds and are subject to different fees and charges. A detailed schedule of fees and charges and maximum commissions is available on request from the company. Forward pricing is used. All of the unit trusts may be capped at any time in order for them to be managed in accordance with their mandates. Performance figures are sourced from Morningstar and are based on lump sum investments using NAV prices with gross income reinvested. Purchase and repurchase requests must be received by the Manager by 13h30 (11h30 for Money Market and 10h30 for Dividend Income Funds) SA time each business day. All online purchase and repurchase transactions must be received by the Manager by 10h30 (for all Funds) SA time each business day. General market performance data may have been provided for illustrative and explanatory purposes. This information is not intended to constitute the basis for any specific investment decision. Investors are advised to familiarize themselves with the unique risks pertaining to their investment choices and should seek the advice of a properly qualified financial consultant or adviser before investing.

Returns are quoted in South African Rands. Prudential Balanced Fund and Prudential Inflation Plus Fund returns are quoted net of fees. Available quarterly. YTD returns: shown as cumulative, SA CPI lagged by 1 month.
